

VILLAGE OF FONTANA COMPREHENSIVE PLAN

VISION WORKSHEET

In this exercise, you will describe how you envision the Village of Fontana to look, feel, and function twenty years into the future. In this exercise you will describe your **ideal** future for the Village. Please be as general or as specific as you like.

1. If you were to walk down any street in Fontana in **2030**, what is the character of the Village?

2. In 2030, how much has the Village grown since 2009? Is there development out into the countryside, or is the Village relatively compact? Where has development occurred?

3. Think of areas of the Village that needed redevelopment or revitalization in 2009. What do these areas look like in 2030?

4. What types of housing do you see as you walk through the Village in 2030?

5. What do the streets look like? How are people getting around in 2030?

6. Where are parks, trails, and green spaces in Fontana in 2030? What areas of the Village are preserved?

7. What types of businesses are located in Fontana in 2030?

8. What are the characteristics of Fontana's population (e.g. age, income, education, lifestyle) in 2030?

9. If you stopped someone on the street and asked them to describe the Village in three words, what might they say?
